

# Como adquirir Créditos no Twilio.

Quando você cria a sua conta no site da TWILIO e adquire um número de telefone, você ganha um valor (em US\$) da Twilio

para começar a enviar SMS, mas frequentemente você vai precisar comprar mais créditos para continuar enviando mensagens

através do app de SMS da Builderall, porque a medida que você envia mensagens, seu saldo vai diminuindo na conta da TWILIO.

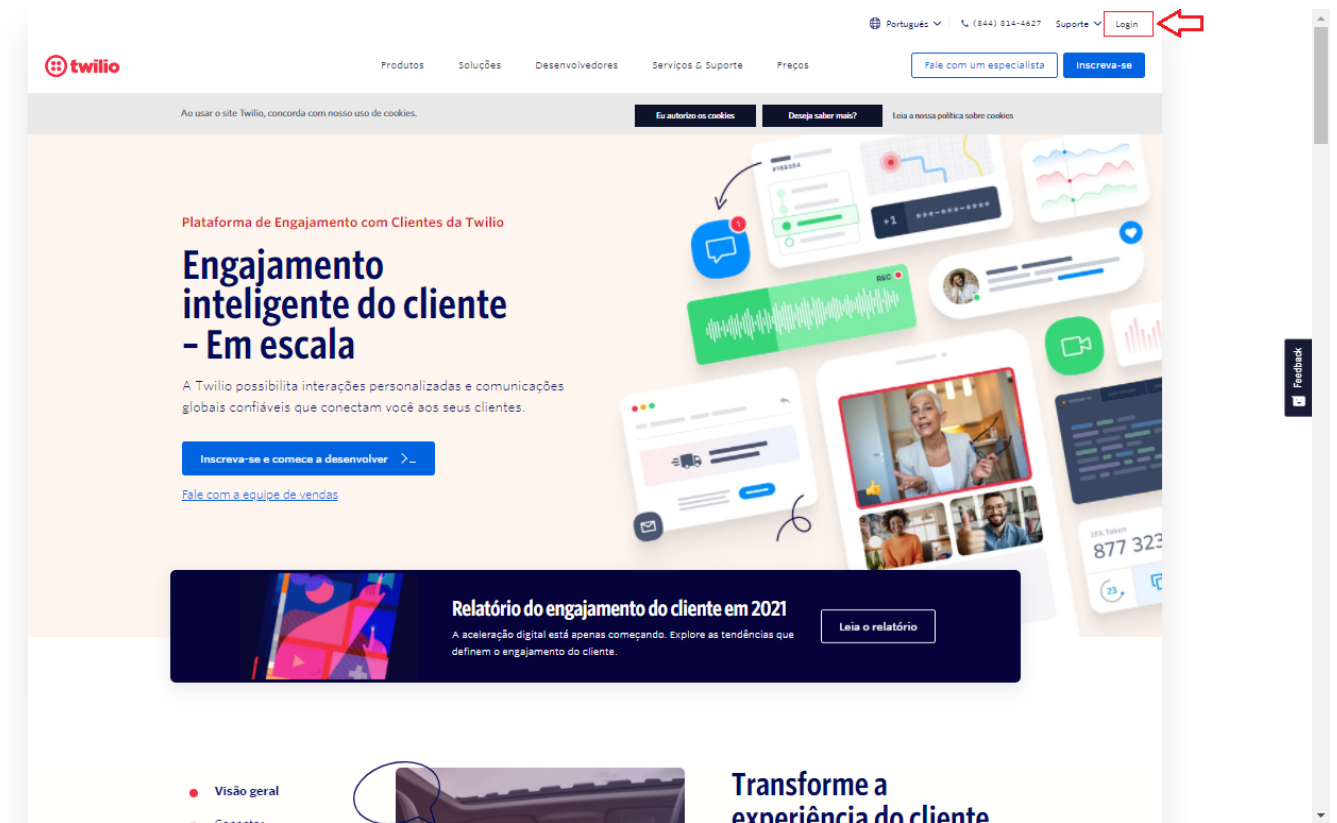

O preço unitário de envio de mensagens varia para cada país e você pode ver a tabela de preços no site da TWILIO ou no menu

do app de SMS da Builderall.

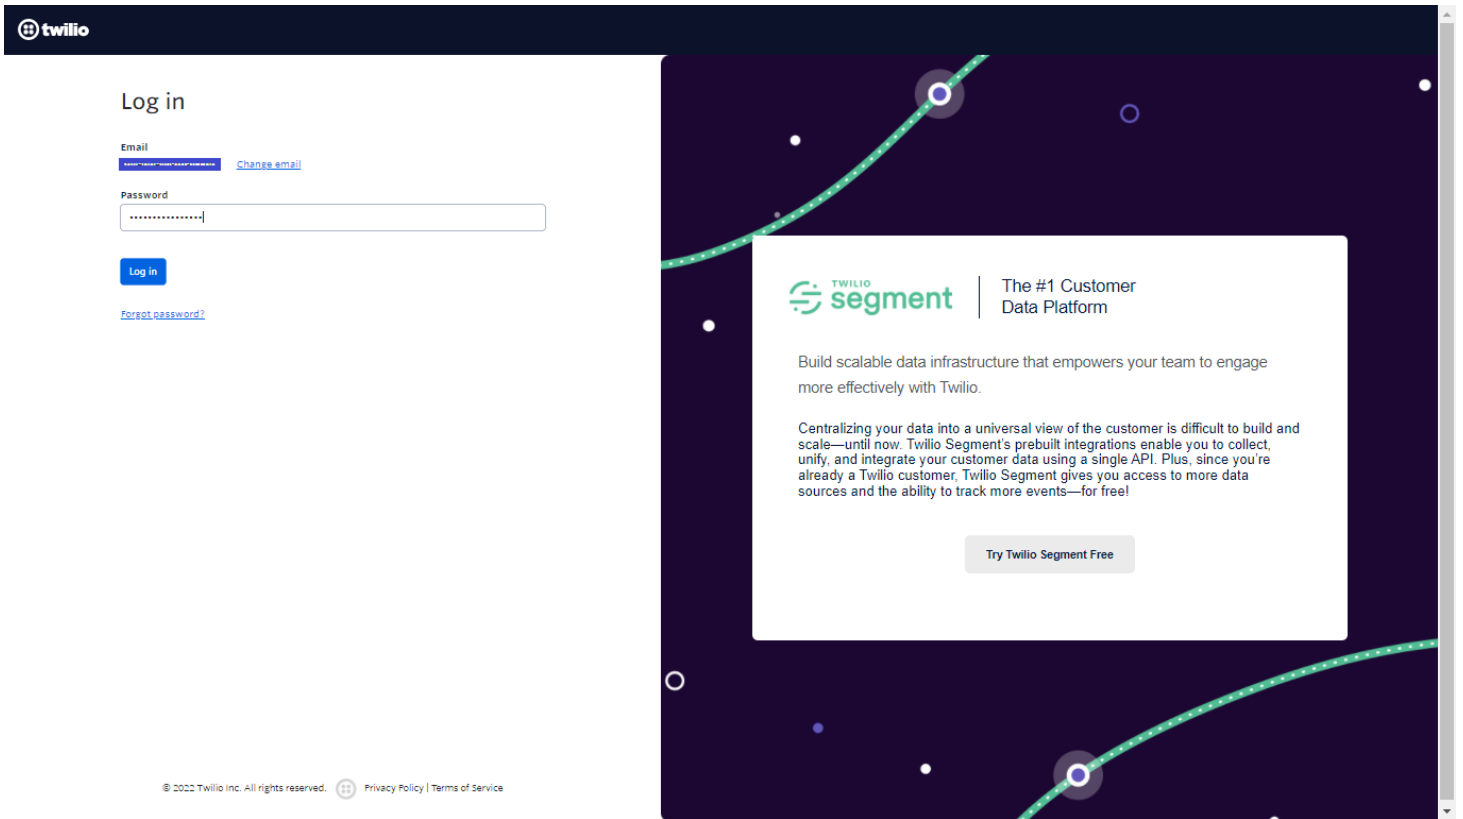

Quando você escolhe a opção de envio de mensagens no app de SMS da Builderall, você é informado sobre o valor do envio daquela mensagem, na última etapa do envio, antes da mensagem ser enviada e você pode confirmar ou cancelar a mensagem.

Se você escolher enviar a mensagem para vários destinatários do seu cadastro de pessoas ou mesmo de uma categoria onde tem

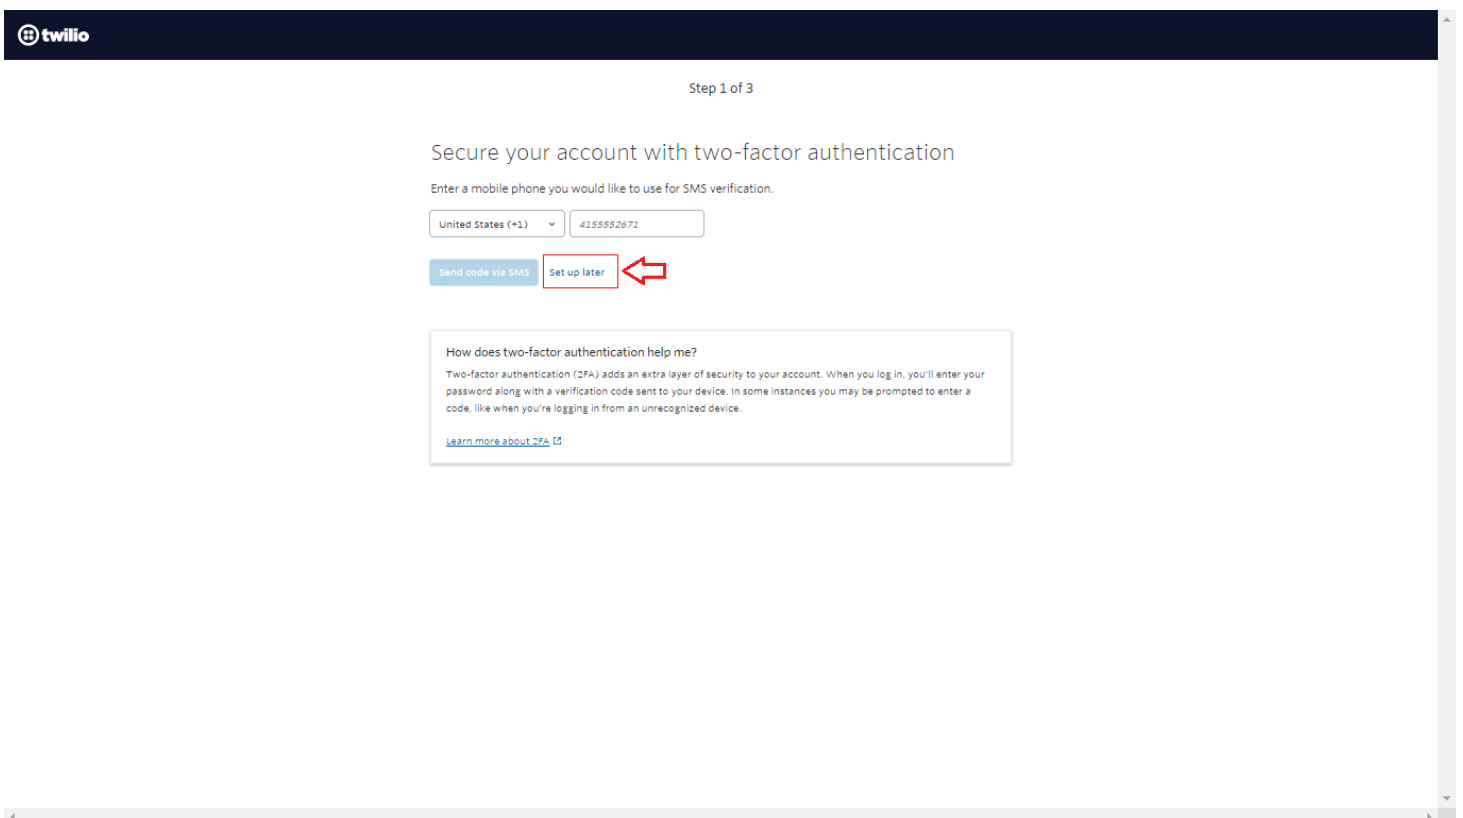

vários destinatários, você também saberá o valor total do envio e será avisado também se o seu saldo for insuficiente e assim a sua mensagem não será enviada. Neste caso você precisará seguir esses passos abaixo para adquirir mais créditos para o envio.

01 - Acessar o site: twilio.com e clique em: login.

02 - Informe o seu e-mail e senha de acesso.

03 - Na tela para configurar a autenticação em 2 passo, clique em: [SET UP LATER]

The screenshot shows the Twilio console dashboard. At the top, there's a header with 'Console', 'My first Twilio account', a trial status 'Trial: \$14.50', and an 'Upgrade' button. A search bar and links for 'Account' and 'Billing' are also present. The left sidebar has tabs for 'Develop' and 'Monitor', with sub-links for 'Phone Numbers', 'Messaging', and 'Voice'. Below these is 'Explore Products' and 'Docs and Support'. The main content area starts with a welcome message 'Ahoy [redacted], welcome to Twilio!'. It features a section 'Connect to 3rd-party applications' with a list of requirements: 'Account SID and Auth token', 'Twilio phone number', and 'Upgraded Twilio account'. The 'Upgraded Twilio account' item is highlighted with a red box and a red arrow pointing to it. Below this list is a link 'Read 3rd-party integration FAQ'. To the right of this section is an illustration of people stacking blocks. Further right are two cards: 'Invite teammates' with an 'Invite teammates' button, and 'Talk to Sales' with a 'Talk to Sales' button. At the bottom, there's an 'Account Info' section with fields for 'Account SID', 'Auth Token' (with a 'Show' button), and 'My Twilio phone number'. A warning message is displayed below the Auth Token field: 'Always store your token securely to protect your account. Learn more'. To the right of the Account Info section is a 'Helpful links' section with links for 'How does Twilio work?', 'API documentation', and 'Support help center'.
